## Announcement

### Technical Petroleum Training Institute

**Subject: Measures for the training of personnel in petroleum and related industries**

**Under current Coronavirus Disease (COVID-19) situation**

---

TPTI refers to the temporarily closure of all our training centers from March 26 - April 30, 2020, in compliance with the measures to prevent and control the spread of Coronavirus Disease (COVID-19) issued in alignment with the resolution of the Cabinet under the nationwide state of emergency.

In this regard, recognizing the importance of the training and development of personnel in petroleum and related industries in ensuring the continuity of the E&P activities and energy security of the country, TPTI has defined measures for strict application under current situation of COVID -19 spread and to ensure the safety of all trainees from exposure to the virus.

We hereby require all training centers and training providers under TPTI's umbrella to adhere to and conduct the trainings in strict compliance with the following preventive measures:

- 1. Screening Point** – All trainees are required to provide information on their travel history and undergo body temperature measure before entering the training premises. The measure is also applicable to the staff of the training centers;
- 2. Social Distancing** – The size of the training room, both for theory and practice sessions, including the common areas and cafeteria, must correspond with the number of trainees. The distance required will be in line with the World Health Organization's guidance; and
- 3. Cleaning and Sterilization** – required for all training equipment, as well as training premises and common areas, at the end of every training session or after their use;

---

As the temporally closure of TPTI Training Centers will be ended on April 30, 2020, we hereby request TPTI Training Centers to inform the Training Providers to commence their training registration from the date of this announcement. Strict adherence to the announcement and the above measures until further notice is expected.

Announced on this 18<sup>th</sup> Day of April B.E.2563 (2020)
